Skills

Programming: C#, Python, C++, PHP

Web Development: HTML, CSS, JavaScript

Database and Tools: SQLite, Git/GitHub

Languages: English, Hindi, Turkish, Urdu, Persian, Turkmen

Education

- BSc (Hons) Computer Science | Sheffield Hallam University | Sep 2024 – Present**
 - Currently in Year 3, on track for a First-Class degree (74% average).
 - Selected Modules:** Databases and the Web (81%), Fundamentals of Mathematics & Computer Architecture (76%), Algorithms & Data Structures (74%), Programming for Computer Science (74%), Professional Software Projects (65%)
 - Year 3 Modules:** Software Architecture and Design, Secure Software Engineering, AI & Machine Learning 2, Development Project
- Access to Higher Education Diploma (Creative Digital Media) | Barnsley College | Sep 2023 - Jun 2024**
 - Grade:** Merit overall (60 credits completed across Distinction, Merit, and Pass)

Projects

- TrackFlow - Hardware Asset Tracker | C#, .NET 8, ASP.NET Core, EF Core, SQLite, xUnit**
 - Built a full-stack REST API with an interactive dashboard to manage IT assets, automated fleet valuations, and device checkout history.
 - Prevented duplicate device checkouts using server-side validation, backed by automated xUnit tests and a GitHub Actions CI build pipeline.
- Hospital Management System | PHP, SQLite, HTML, CSS, JavaScript**
 - Built a web app with role-based access for patients, staff, and admins to book appointments and submit online queries.
 - Enabled staff to manage patient profiles and messages, with admin controls to register new staff and maintain
- Music Playlist Manager | C#**
 - Built a console application implementing a singly linked list to manage songs in a playlist.
 - Features include CSV file loading, song searching, sorting by artist and duration, playlist shuffling, and genre filtering.
 - Demonstrates knowledge of data structures, algorithms, and C# programming

Work Experience

- Control Room CCTV Operator | SSG Support Services Group | April 2025 – Present**
 - Monitor CCTV systems and support security operations across the site. Work closely with police control rooms and security personnel to respond to incidents, maintain accurate records, and ensure effective communication in a fast-paced environment.

2. Security Officer | Total Security Services & Lodge Security | March 2024 – April 2025

- Supported site security operations, monitored CCTV systems, and responded to incidents in a fast-paced environment.

3. Hotel Receptionist & Night Duty Manager, Britannia Grand Hotel | Jun 2022 – March 2024

- Managed guest bookings across multiple reservation platforms, including Booking.com, Expedia, Hotels.com, and the hotel's internal booking system, while providing customer support and handling guest enquiries.
- Regularly covered Night Duty Manager duties during staff leave, supporting overnight hotel operations and resolving guest issues to ensure the smooth running of the hotel.

Achievements and Certificates

- Full UK Driving License
- Employee of the Year, Britannia Grand Hotel (2022)
- Emergency First Aid at Work
